[illegible]

## Add Assignment (AA-2)

### Supporting Materials

There is a supporting materials section below.

#### Assignment Details

-  Assign Supporting Materials
- Assignment Name
- Assignment Description
- ☐ Overdue Item Added?

1

Assignment Name	
Description	

2

#### Header Row Details

-  Create Item
-  Add Row Header
- ☐ Overdue Item Added?

My Name		1000000
Passcode		1000000

1000000 is a passcode that is used to access the system.

☐ Overdue Item Added?

#### Creating Results

-  Create Assignment at any point
  - ☐ If an assignment is created as it is not yet available, it will be added to the list of assignments.  
- 1000000 is a passcode that is used to access the system.

## Notes for Add Assignment (AA-3.1) 1

Note #	Functional Notes
N/A	The user accessed this screen by clicking 'Add' from the Assignment List screen.
1	<b>Require Submissions:</b> The system will disable Turnitin if 'Require Submissions?' is not selected.
2	<b>Submission Format:</b> <ul style="list-style-type: none"> <li>- The system will disable Turnitin if one of the following submission formats is selected: 'Text Only' or 'Non-electronic'.</li> <li>- If the instructor selects 'Text and Attachments' and then enables Turnitin, the system will display the following inline message, to the right of 'Use Turnitin', using the 'messageConfirmation' class: "Turnitin supports attachments only. Reports will not be generated for text-only submissions."</li> </ul>
3	<b>Use Turnitin:</b> <ul style="list-style-type: none"> <li>- Upon checking the checkbox for 'Use Turnitin', the system will display the Turnitin options. Prior to checking the checkbox for 'Use Turnitin', the system will hide the Turnitin options.</li> <li>- If the system is unable to access Turnitin when the instructor is adding or editing an assignment, the system will disable the 'Use Turnitin' checkbox and display an inline error message to the user to the right of the 'Use Turnitin Supported Formats?' using the messageError class. The text to be displayed is as follows: "Turnitin is currently unavailable. Please check back later."</li> </ul>
4	<b>Supported Formats:</b> Upon clicking 'Supported Formats?', the system will display a dhtml popup that includes the following text: "Supported submission formats include: MS Word, WordPerfect, RTF, PDF, PostScript, HTML, and plain text (.txt)"
5	<b>Submit papers to the following repository:</b> <ul style="list-style-type: none"> <li>- A property has been created to allow the system administrator to set the options to display here. The available options are: standard paper repository, institution paper repository, student's choice of repository, and no repository.</li> <li>- At IU, the system will display the following two options: None or Indiana University repository.</li> <li>- If the instructor chooses 'None', the system will not submit the assignment's submissions to a repository.</li> <li>- If the instructor chooses 'Indiana University repository', the system will submit the assignment's submissions to the Indiana University repository.</li> </ul>
6	<b>Generate Originality Reports:</b> <ul style="list-style-type: none"> <li>- If a due date has been set, the system will display the following options for generating a report: 'Immediately' and 'On Due Date'.</li> <li>- If a due date has not been set, the system will select 'Immediately', disable the controls for 'Immediately' and 'On Due Date' and display '(No due date has been set by the instructor)' to the right of 'Immediately'.</li> </ul>
7	<b>Generate Originality Reports (Immediately):</b> If this option is selected, the system will display the originality report to the instructor as soon as the report is available. If 'Allow students to see originality reports' is selected, then the student will also see the report immediately.

## Notes for Add Assignment (AA-3.2)

Note #	Functional Notes
8	<b>Generate Originality Reports (On Due Date):</b> <ul style="list-style-type: none"><li>- If this option is selected, the system will display the originality report to the instructor once the due date has passed and the report is available. If 'Allow students to see originality reports' is selected, then the student will also see the report once the due date has passed.</li><li>- The system will display the originality report immediately for any submissions made after the due date has passed.</li></ul>
9	<b>Allow students to see originality reports:</b> If this option is selected, the system will display the originality report to the student either 'Immediately' or 'On Due Date' according to the setting set by the instructor for 'Generate Originality Reports'. If this option is not selected, the student will not see the originality report.
10	<b>Check originality against:</b> <ul style="list-style-type: none"><li>- The instructor is required to select at least one source to check originality against.</li><li>- If the instructor has not selected a source upon clicking Save, then the system will display the following message, to the right of 'Check originality against', using the 'messageError' class: 'Please select at least one source.'</li></ul>

## Assignment List (AL-1)

[illegible]

## Notes for Assignment List (AL-1.1)

Note #	Functional Notes
N/A	The user accessed this screen by clicking 'Assignments Beta' from the list of tools on the left-hand menu.
1	<b>Red Ribbon Icon:</b> The system will display a red ribbon icon to the right of an Assignment's title if an instructor chooses to enable Turnitin for an assignment. On hover, the system will display the following hover text: 'Checking assignment submissions for originality'
2	<b>Duplicate:</b> If an instructor chooses to duplicate a TII assignment, the system will copy the settings from the original assignment to the duplicate assignment.

# View Details and Submit (VDS-1)

## Assignment Submission

You may submit your assignment by entering text in the Submission Text box below and/or by attaching files.  
An \* designates a required field.

**Submission Text** (Autosaved on May 6, 2008 1:55 pm)

1

Originality of attachments will be verified by Turnitin and your instructor will receive the results.

### Attachments

## Notes for View Details and Submit (VDS-1.1)

Note #	Functional Notes
N/A	The user accessed this screen by clicking the 'View Details and Submit' link beneath an assignment title on the SV: Assignment List screen.
1	<b>Originality Message:</b> <ul style="list-style-type: none"><li>- The system will display a message using the messageConfirmation class around the Attachments section on the View Details and Submit screen when an instructor has chosen to enable Turnitin for an assignment.</li><li>- If the instructor has not enabled the 'Allow students to see originality reports' option, then the system will display the following message: "Originality of attachments will be verified by Turnitin and your instructor will receive the results."</li><li>- If the instructor has enabled the 'Allow students to see originality reports' option, then the system will display the following message: "Originality of attachments will be verified by Turnitin. Both you and your instructor will receive the results."</li></ul>

## View Graded Submissions (VGS-1)

[illegible]

We need to decide if we want to display something when an attachment isn't a supported type or is too big. Michelle is checking into the possibilities and will get back to me on this.

## Notes for View Graded Submissions (VGS-1.1)

Note #	Icon	Functional Notes
N/A		The user accessed this screen by clicking the 'Grade' link on the Assignment List screen.
1		<ul style="list-style-type: none"> <li>- While the system is waiting to receive a report from Turnitin, the system will display an in progress icon in the Report column.</li> <li>- On hover, the system will display the following text: "This attachment has been submitted and is pending review."</li> </ul>
2		<ul style="list-style-type: none"> <li>- Once the system has received a report from Turnitin, the system will display a status icon in the Report column that indicates the percentage of the attachment that is similar to other sources in the database.</li> <li>- On hover, the system will display the following text: "Click to view originality report."</li> <li>- Upon clicking the status icon, the system will display the Turnitin report (TIIR-1) to the instructor.</li> </ul>
3		<ul style="list-style-type: none"> <li>- If an error occurs when sending an attachment to the Turnitin service, the system will display an error icon to the user in the Report column.</li> <li>- On hover, the system will display the following text: "An error occurred submitting this attachment to the originality checking service. The system will automatically try to resubmit this attachment."</li> <li>- The system will try to resubmit the attachment 11 times before failing.</li> </ul> <p><b>Note:</b> We settled on 11 tries because this will mean that the system has been trying to submit the attachment to Turnitin for approximately one hour.</p>
4		<ul style="list-style-type: none"> <li>- If a user supplies multiple attachments with one submission, the system will display the multiple originality reports icon.</li> <li>- On hover, the system will display the following text: "There are multiple originality reports for this submission."</li> </ul>
