## Notes for A2 Permissions (AP-1.1)

Note #	Functional Notes
N/A	Users with the site.upd permission accessed this screen by clicking 'Assignments' from the list of tools on the left and then 'Permissions' from the list of links at the top of the frame.
1	<b>Read assignments:</b> - The system will display the list of assignments on the Assignment List screen (AL-1) to the role(s) with this permission.
2	<b>Submit assignments:</b> - The system will display the 'View Details and Submit' link for an assignment on the SV: Assignment List screen (SVAL-1) to the role(s) with this permission.
3	<b>Add assignments:</b> - The system will display the 'Add' link on the Assignment List screen (AL-1) to the role(s) with this permission.
4	<b>Edit assignments:</b> - The system will display the 'Edit' link on the Assignment List screen (AL-1) to the role(s) with this permission.
5	<b>Remove assignments:</b> - The system will display the 'Remove' buttons and the column of checkboxes on the Assignment List screen (AL-1) to the role(s) with this permission.
6	<b>Add feedback:</b> - The system will display the 'Receive Notifications' checkbox on the Assignment List screen (AL-1) as well as the 'Feedback' and 'Feedback Attachments' sections and the 'Save' and 'Save and Release Feedback' buttons on the View Student's Submission screen (VSS-1) .
7	<b>Limit permissions to assigned groups only</b> - Upon enabling this permission for a role, the people in the assigned role will be restricted in the following ways: <ul style="list-style-type: none"> <li>* If an assignment is restricted to groups, the system will display the assignment only if the user is a member of at least one restricted group.</li> <li>* The user can only add assignments for his own group(s).</li> <li>* The user can only edit assignments for his own group(s). The user cannot edit an assignment if it is displayed both to a group of which he is a member and a group of which he is not a member.</li> <li>* The user can only remove assignments for his own group(s). The user cannot remove an assignment if it is displayed both to a group of which he is a member and a group of which he is not a member.</li> <li>* The user can only add feedback for students in his own group(s).</li> </ul>

## Notes for A2 Permissions (AP-1.2)

Note #	Functional Notes
8	<p><b>Grade submissions from:</b></p> <ul style="list-style-type: none"> <li>- This Gradebook permission controls whether or not the role(s) with this permission can enter a grade and comments for a submission.</li> <li>- If there is no Gradebook in the site, the system will not display this permission.</li> <li>- Roles with the 'Custom (Edit)' link have the section.role.ta permission and the gradebook.gradeSection permission.</li> <li>- If the Instructor clicks the 'Custom (Edit)' link, the system will display the Gradebook's 'Edit Grader Permissions' helper (GPH-1)</li> <li>- Roles with the 'All Students' setting may enter grades and comments for any student in the class.</li> <li>- Roles with the 'None' setting may not enter grades or comments for any submissions.</li> </ul>
9	<p><b>Save</b></p> <ul style="list-style-type: none"> <li>- Upon clicking Save, the system will save the changes to the permissions, return the user to the Assignment List screen (AL-1) and will display the following confirmation message to the instructor: "Your changes to the permissions were saved successfully."</li> </ul>
10	<p><b>Cancel</b></p> <ul style="list-style-type: none"> <li>- Upon clicking Cancel, the system will return the user to the Assignment List screen (AL-1) without saving any changes.</li> </ul>

\* Permission(s) needed to see Instructor View:

- Add assignments AND/OR
- Edit assignments AND/OR
- Remove assignments AND/OR
- View Submissions

In the absence of one or more of the above permissions, the system will display the student view to the user.

\* Permission(s) needed to see list of assignments in Instructor View:

- Add assignments AND/OR
- Edit assignments AND/OR
- Remove assignments AND/OR
- View Submissions

By default, the system will display assignments that have been released to all and/or to his/her assigned groups. The system will not display assignments that have been released to a group of which he/she is not a member.

If the user has one or more of the above permissions and the user has the 'View all groups' permission, then the system will display all assignments to the user regardless of which group the assignment has been released to.

\* Permission needed to see 'Add' link:

- Add assignments

\* Permission needed to see 'Edit' link:

- Edit assignments

By default, the system will display the 'Edit' link to a user for assignments that have been released to his/her assigned groups. The system will not display the 'Edit' link for assignments that have been released to all students.

If the user has the 'Edit assignments' permission and the 'View all groups' permission, then the system will display the 'Edit' link for all assignments.

\* Permission needed to see 'Duplicate' link:

- Edit assignments

By default, the system will display the 'Duplicate' link to a user for assignments that have been released to his/her groups. The system will not display the 'Duplicate' link for assignments that have been released to all.

If the user has the 'Edit assignments' permission and the 'View all groups' permission, then the system will display the 'Duplicate' link for all assignments.

\* Permission needed to see 'Grade' or 'Provide Feedback' link:

- View Submissions

By default, the system will display the 'Grade' or 'Provide Feedback' link to a user if the assignment has been released to all or to his/her assigned groups. The system will not display the 'Grade' or 'Provide Feedback' link if the assignment has been released to a group of which the user is not a member.

If the user has the 'View Submissions' permission and the 'View all groups' permission, then the system will display the 'Grade' and/or 'Provide Feedback' link for all assignments.

\* Permission needed to see 'In/New' column:

- View Submissions

By default, the system will display a value in the 'In/New' column to a user if the assignment has been released to all or to his/her assigned groups. The system will display a non-clickable 'N/A' value in the 'In/New' column for assignments that have been released to a group of which the user is not a member.

If the user has the 'View Submissions' permission and the 'View all groups' permission, then the system will display the 'In/New' column for all assignments.

# Grader Permissions Helper (GPH-1)

### Grader Permission Settings

Grader permissions may only be set for users with the following roles as defined in Site Setup: AI/TA, Librarian+. By default, these users may grade anything within their assigned sections/groups. **Adding or modifying these rules overrides the default permissions and restricts their capabilities to the permissions that are defined below.** Delete all rules to revert to the default permission settings.

## Notes for Grader Permissions Helper (GPH-1.1)

Note #	Functional Notes
N/A	The user accessed this screen by clicking the 'Custom (Edit)' link from the A2 Permissions screen (AP-1).
N/A	<b>Default Permissions</b> - By default, the AI/TA role and librarian+ role will have permission to grade those students in his/her assigned group(s). To change the default permissions, users with the site.upd permission may add Grader Permissions as described below.
1	<b>Esc key or close</b> - Upon clicking the 'close' link, the system will clear any changes, close the helper window and return the user to the A2 Permissions screen (AP-1).
2	<b>Message</b> - The system will display the following message to the user: "You are editing Gradebook permissions"
3	<b>Select a Grader to Edit</b> - Upon clicking the 'Select a grader to edit' drop-down, the system will display the list of users that have the section.role.ta permission and the gradebook.gradeSection permission. - Upon selecting a user from the drop-down, the system will display all rules associated with that user.
4	<b>Permission</b> - The permissions that may be granted to a grader are 'Grade' or 'View'. - If a user does not have the 'Grade' or 'View' permissions, then the system will not display the 'Gradebook Details' section on the View Student's Submission screen (VSS-1). - If a user has the 'Grade' permission, then the system will display an editable 'Gradebook Details' section on the View Student's Submission screen (VSS-1) for the group(s) and/or the category or categories the user has permission to grade. - If a user has the 'View' permission, then the system will display a non-editable 'Gradebook Details' section on the View Student's Submission screen (VSS-1) for the group(s) and/or the category or categories the user has permission to view.
5	<b>Category Selector</b> - The options available from the Category drop-down are 'All Categories' as well as all categories that have been created by the instructor. - If a user has permission to grade or view 'All Categories', then the user will see a 'Grade' link for all assignments that are linked to gradebook items which are assigned to a category or are in the Unassigned category. - If a user has permission to grade or view one or more individual categories, then the user will only see a 'Grade' link for those assignments that are linked to gradebook items which are assigned to the category or categories that the user has permission to grade or view. The user will not have access to assignments in the Unassigned category.

## Notes for Grader Permissions Helper (GPH-1.2)

Note #	Functional Notes
6	<b>Group Selector</b> <ul style="list-style-type: none"><li>- The options available from the Groups drop-down are 'All Sections/Groups' and then a list of each group that has been created by the instructor or the system.</li><li>- If a user has permission to grade or view All Sections/Groups, then the user will see a 'Grade' link for all assignments that are linked to gradebook items. If the user's permissions have been restricted by categories, see the Category Selector permission notes.</li><li>- if a user has permission to grade or view one or more individual sections or groups, then the user will only see the 'Grade' link for an assignment that accepts submissions from the users in the groups the user has permission to grade or view.</li></ul>
7	<b>Delete a Rule</b> <ul style="list-style-type: none"><li>- If an instructor clicks the delete a rule icon (⊖), then the system will remove that rule for the associated user and the change will take place once the instructor clicks 'Save Changes'.</li></ul>
8	<b>Add a Rule</b> <ul style="list-style-type: none"><li>- If an instructor clicks 'Add a rule', then the system will add a new rule for the associated user with the following default settings: Permission: View, Category: All Categories, and Sections/Groups: All Sections/Groups.</li></ul>
9	<b>Save Changes</b> <ul style="list-style-type: none"><li>- Upon clicking 'Save Changes', the system will save any changes made to the rules for each user edited, close the helper window, and return the user to the A2 Permissions screen (AP-1).</li></ul>
10	<b>Clear Changes</b> <ul style="list-style-type: none"><li>- Upon clicking 'Clear Changes', the system will clear any changes made to the rules for each user edited, close the helper window, and return the user to the A2 Permissions screen (AP-1).</li></ul>
