Notes for Matrix Links for Assignment Title - Selected (MLS-2.1)

Note #	Functional Notes
N/A	The user accessed this screen by selecting a site from the 'Site' drop-down.
1	Drop-down for displaying list of associated sites: The system will keep track of any cell associations or disassociations for each site that is selected by the user until the user clicks Save or Cancel.
2	Toggle for hiding/showing Matrix: The user can hide/show any matrix by using the matrix display toggle.
3	Information Icon: Upon clicking the information icon, the system will display a thickbox that includes a related cell information. For additional information, see the View Cell Info screen (VCI-1).
4	Checkbox to link Assignment to Matrix cell: To link an assignment to a matrix cell, the user will select the checkbox in the desired cell. To remove a link to a matrix cell, prior to the occurrence of feedback or an evaluation for a submission, the user may deselect the checkbox in the desired cell. Note: Once feedback has been provided or an evaluation has occurred, the user may no longer remove a link to a matrix cell.
5	Save Button: Upon clicking Save, the system will create links to selected cells and remove links to deselected cells. The system will also push any submitted assignments to selected cells. The system will then return the user to the Assignment List for Associated Site screen (ALAS-1) and display the following confirmation message to the user: "Your changes were saved successfully."
6	Cancel Button: Upon clicking Cancel, the system will cancel any changes made by the user and return the user to the Assignment List for Associated Site screen (ALAS-1).
