Notes for Matrix Links for Assignment Title - Selected (MLS-2.1)

Note #	Functional Notes
N/A	The user accessed this screen by selecting a site from the 'Site' drop-down.
1	**Drop-down for displaying list of associated sites:** Upon selecting a site, the system will display all published matrices in the selected site.
2	**Toggle for hiding/showing Matrix:** The user can hide/show any matrix by using the matrix display toggle.
3	**Information Icon:** Upon clicking the information icon, the system will display a thickbox that includes a related cell information. For additional information, see the View Cell Info screen (VCI-1).
4	**Checkbox to link Assignment to Matrix cell:** - To link an assignment to a matrix cell, the user will select the checkbox in the desired cell. - To remove a link to a matrix cell, prior to the occurrence of the first submission of a cell by a participant, the user may deselect the checkbox in the desired cell. **Note:** Once feedback has been provided or an evaluation has occurred, the user may no longer remove a link to a matrix cell. - Instructors can associate their assignment with any cell regardless of the current status of the cell. - The system will keep track of any cell associations or disassociations for each site that is selected by the user until the user clicks Save or Cancel.
5	**Save Button:** Upon clicking Save, the system will create links to selected cells and remove links to deselected cells. The system will also push any submitted assignments to selected cells. The system will then return the user to the Assignment List for Associated Site screen (ALAS-1) and display the following confirmation message to the user: "Your changes were saved successfully."
6	**Cancel Button:** Upon clicking Cancel, the system will cancel any changes made by the user and return the user to the Assignment List for Associated Site screen (ALAS-1).

Matrix Links What is this?

This assignment is linked   ose of the cell.

> A matrix is a framework for guiding users through the process of creating an electronic portfolio or ePortfolio (i.e., A personal, digital collection of assignments, documents, videos, and other items that demonstrate academic growth). In a matrix, ePortfolio assignments are represented as cells organized into rows and columns with descriptive titles. When you submit this assignment, your submission will appear in the specified cell(s).
